

Ancillary Service Description for Use Outside of Territory (“Extra Territory Rights Agreement”)

Overview

This document describes an Ancillary Service benefit of the Autodesk® Subscription program. Autodesk Subscription now allows for limited use of the software programs that you have under Subscription outside of the Territory, subject to the terms and conditions outlined below. This Ancillary Service benefit is referred to as “Extra Territory Rights” throughout this document. Extra Territory Rights may not be available for all software programs or in all locations.

Definitions

- 1.1 “Access” means to use or benefit from using the functionality of the Software.
- 1.2 “Extra Territory Right” is as defined in the Overview.
- 1.3 “Territory” means the country in which you acquire the software program, unless you acquire the software program in a member country of the European Economic Area (“E.E.A.”), in which the case “Territory” means the E.E.A.

Explanation and Terms of Extra Territory Rights

The Autodesk Software License Agreement that applies to your software program currently limits your Access to the software program to the Territory. The Extra Territory Rights benefit modifies the Autodesk Software License Agreement and extends to you the following right:

Extra Territory Right. As long as you are current with Subscription for your software program, you may temporarily Access the software program outside your Territory for a period not to exceed ninety (90) days during each calendar year provided that:

- (i) You comply with all U.S. or other applicable export control laws;
- (ii) Such Access is on a portable Computer that will travel with you while outside the Territory;
- (iii) The software program is Accessed outside the Territory for the sole purpose of enabling you to perform work while outside the Territory;
- (iv) The software program may not be copied or transferred to any other Computer or Accessed by anyone other than you while you are outside the Territory;
- (v) If you purchased Autodesk Gold Subscription, you may only make support telephone calls during the support hours of your Territory and the support that you receive shall be the support that is provided in your Territory;
- (vi) You are otherwise in compliance with all other terms of the Autodesk Software License Agreement and this Extra Territory Rights Agreement; and
- (vii) You agree that you must obtain Autodesk’s prior written consent if you want to extend your Access outside of the Territory for longer than ninety (90) days, which consent you acknowledge Autodesk may withhold in its sole discretion.

Please note that this benefit is not intended to afford you any additional licenses or rights to Access the software programs other than as explicitly set forth herein and any use outside of the terms of this Extra Territory Rights Agreement shall be considered a violation of your Autodesk Subscription Terms and Conditions and the Autodesk Software License Agreement. Autodesk reserves the right to modify, change, cancel or terminate this Extra Territory Rights benefit at any time, without prior notification.
